

1st Annual Stem Cell in Regenerative Medicine (SCiRM) Symposium

June 8 - 9, 2017

Center of Excellence in Bioinformatics and Life Sciences

Join us for our 1st Annual Stem Cell in Regenerative Medicine (SCiRM) Symposium! This event brings forth leaders in the field of stem cells to present their research.

Distinguished Invited Speakers:

Steve Goldman, M.D., Ph.D. (University of Rochester)
Gordana Vunjak - Novacovic, Ph.D. (Columbia University)
Ali Brivanlou, Ph.D. (Rockefeller University)
David Schaffer, Ph.D. (University of California, Berkeley)
Sean Palecek, Ph.D. (University of Wisconsin)
Robert Sackstein, M.D., Ph.D. (Harvard University)

An exciting poster session will showcase the work of UB and RPCI students. Students interested in presenting, please email your research abstract and title by **May 15th** to Renad Aref (raaref@buffalo.edu)

Register here for lunch and seating:
